Thank you for inquiring about this fun 'CREATIVE PLAY' workshop. I am delighted to be able to invite artists and non artists alike, to get your hands dirty while we PLAY together with paint printing and collage, in my newly expanded studio at Manufacturers Village in East Orange, NJ, .

I don't know about you, but for most of us somewhere between childhood and adulthood, we stopped playing. We now know and appreciate that **play** can add joy to life, relieve stress, supercharge learning, not to mention connecting us to others and the world around us.

The workshop is designed for anyone who is curious to explore their own unique untapped creativity. Allowing yourself to be immersed in new creative possibilities, learn new techniques and principals, make new friendships and disengage from the world around us, will I'm absolutely sure be an experience you will LOVE!
